

Exclusivity notice

We work exclusively on the basis of the General Terms and Conditions of the German Federal Working Group Heavy Haulage and Crane Work (AGB-BSK Crane + Haulage) in the respective latest version (new version). The AGB-BSK Stage + Forklift (new version) shall apply for the rental of aerial work platforms and forklift trucks as well as telescopic handlers and the BSK Assembly Conditions (new version) shall apply for the execution of heavy assemblies (except rough assemblies). Our Business Terms and Conditions are available for inspection in our office and will be sent to you upon request. In addition, you can find our General Terms and Conditions in the internet under our homepage: www. .de.

When carrying out conventional transports in road haulage, the German Freight Forwarders' Standard Terms and Conditions 2017 (ADSp 2017) shall apply exclusively in the respectively valid version. The ADSp 2017 deviate in Subclause 23 with regard to the maximum liability amount for damages to goods (Section 431 HGB) from the law by the fact that they limit the liability with multimodal transports by including a carriage by sea and with an unknown place of damages to 2 SDR/kg and incidentally, the standard liability from 8.33 SDR/kg in addition to EUR 1.25 million per damaging event as well as EUR 2.5 million per damaging event, at least however 2 SDR/kg.
